WHO SHOULD ATTEND

The course will benefit all built environment practitioners (engineers, quantity surveyors, lawyers, project managers, etc.) Funding agents, such as Development Banks will also benefit enormously from the workshop.

COURSE OVERVIEW

It has been 18 years since the last release of the FIDIC Rainbow Suite. After many years of interaction with industry, the consulting profession and affected stakeholders, FIDIC formally announced the release of the new 2017 versions of the RED, Yellow and Silver Book contracts. Significant changes have been made to the 2017 additions adding to the already complex construction contract documents.

The contract document has essentially doubled in size, highlighting comprehensive and detailed rules under construction contracts, as well as make them more user friendly

Based on this much has changed within the new contract, specifically within the role of the Engineer, quality management, advanced warning and specifically the claims procedure.

The course will give a high-level overview of the changes after-which the course will go through the new Clauses in detail.

It examines the roles of both the Employer and the Engineer and highlights the essential differences between the various contract documents. The responsibility for design is dealt with and a substantial amount of time is devoted to the issue of extensions of time, variations and certification.

Dispute resolution under the FIDIC Contracts is highlighted and the issues of notices, claims and time bars are discussed in detail.

Kevin is a registered Professional Engineer, Mediator, Adjudicator and Arbitrator with over 40 years' experience in the Construction Industry. His experience spans across Freeway Construction, Airport Runway Rehabilitation, Dams and Water Retaining Structures, Pipelines, Civil and Building Construction, Concrete Structures, Asphalt and Concrete Road Surfacing and most recently Claims Preparation and Defence.

Throughout Kevin's professional career he has managed various business units of one of the largest construction companies in South Africa, owned a Road Surfacing Company which was later sold to a listed company before moving into dispute resolution and claims consulting.

Kevin completed the Fellowship of Arbitrators Qualification and currently specialises in large scale Construction Claims and Dispute Resolution. Over the last 10 years Kevin has been involved as Mediator, Adjudicator, Arbitrator and expert witness on numerous matters. He is presently appointed on Dispute Boards (DB's) in South, Central and West Africa. Kevin is an admitted member of the FIDIC President's List of Adjudicators.

He is considered an expert on the FIDIC suite of contract documentation. He is the only FIDIC Accredited Trainer in South Africa.
